EDUCATION

University of California, Berkeley

BA, Applied Mathematics; BA, Data Science

Cum Laude; Dean's List (Top 10% each semester); Transferred from UCLA (2021 – 2023)

Aug 2023 – Dec 2025

GPA: 3.86

PROFESSIONAL EXPERIENCE

Project Manager & Analyst

Collective Impact Data & Research Lab

Jan 2026 - Present

Berkeley, CA

- Designed a housing-instability risk report template adopted across San Mateo County's 21 jurisdictions, authoring 26 of its 32 visualizations in R from ACS, HUD, DataQuest, and commercial datasets.
- Cut per-report production time to 2 weeks by routinizing the research and analysis workflow; recruited and lead 4 undergraduate analysts through the countywide rollout.
- Promoted to project manager of a year-long, multi-phase county study; own roadmap and review cycles with county Department of Housing leadership, city housing staff, and the 21 Elements planning collaborative.
- Translate technical findings into anti-displacement policy recommendations that feed jurisdictions' state-required housing element fair-housing analyses.

Lead Technical Product Manager

Rapid Reviews / Infectious Diseases

Jan 2024 - Jan 2026

Berkeley, CA

- Independently designed, built, and shipped the journal's first operational web app, serving as principal technical liaison to journal leadership for two years.
- Led 30+ undergraduates in iterative feature delivery, including AI-assisted peer-reviewer matching, conflict-of-interest flags, dynamic preprint cycles, a student badge system, and productivity dashboards.
- Scaled the global editorial network 8x to 1,500+ student editors across 12 countries and 4 continents, compressing the review cycle from months to weeks to enable 320+ published peer reviews.

Product Management Intern

American Civil Liberties Union (ACLU), National Office

Jun 2025 - Aug 2025

New York City, NY

- Supported the beta rollout of a national platform migration, transitioning the first 15 affiliate sites.
- Authored national-to-affiliate technical and content-alignment documentation, ran QA tests, and coordinated issue resolution with developers.
- Built Heap analytics dashboards to track KPIs, presented to the National Product and Engineering team.

Sustainability Co-Director, Facilities Commission

UCLA Undergraduate Students Association Council

Jun 2022 – Apr 2023

Los Angeles, CA

- Piloted UCLA's first reusable dining-ware program, securing vendor systems and stakeholder funding across UCLA Dining and Sustainability departments.

Product Manager

UCLA Creative Labs

Sep 2022 – Dec 2022

Los Angeles, CA

- Founded BruinHive, a peer-mentoring platform connecting students across UCLA; defined product requirements and engagement mechanics for a two-sided user base of mentors and mentees.
- Directed a 6-person team (2 design, 4 developers) from concept through full design and functional prototype.

SKILLS

Programming

Python, R, SQL, HTML/CSS

Analysis & Platforms

pandas, NumPy, scikit-learn, statsmodels, tidyverse, matplotlib, Jupyter, Quarto

Product & Ops

Heap, WordPress, Notion, GitHub, Airtable, Zenhub, Asana, Scrum, Agile
